## Anuouncement

In presenting this, our annual sale catalog, we tender our thanks to our many friends and patrons for past favors and solicit a continuance of the same. We have the pleasure of offering as good a lot of cattle as was ever offered to the public. You will notice by looking over the pedigrees that a large part of the offering are of the very best Scotch families, descending from some of the most noted Cruickshank cows that have ever been imported. We wish to call special attention to the herd bulls Orange Monarch 190181, Lord Champion 254700, and standard Goods 333018. Their pedigrees show them to be of the very richest breeding, and as to their individual merit, will say there are few bulls their equal in this country. Orange Monarch and Lord Champion have both been blue ribbon winners at the greatest shows on earth. There will be cattle in this sale for the showman, the breeder and the farmer. The bull offering is choice. Breeders in need of a good herd bull or farmers wanting a good bull for raising good steers, will find just what you want in this sale. With three exceptions the cattle in this sale are all bred by ourselves. In view of the fact that these cattle are to be sold on the farm and not extensively advertised, should present a good opportunity to get cattle worth the money, and to those wanting to start with a few straight herd bulls, this is one of the opportunities of the year. These cattle will be sold from pasture without any high fitting, being in nice breeding condition. Certificates of health will de furnished those that go to states that require it.

## Guarantee

All cows with calves at foot are proven breeders and no further guarantee will be given. All other females are guaranteed breeders, but on failure to breed after proper trial, the same may be returned to us and we reserve the right of three months trial, then if same does not prove a breeder, we refund the purchase price. All bulls of breeding age are guaranteed breeders with proper care. Freight will be paid on car lots of ten head or more, to one or more purchasers.

**Lord Champion 254700**—is a grand specimen of the Scotch type. We believe him to be one of the best bulls of the breed. He is a bull with great constitutional vigor, he is a great flesh carrier and in evenness and thickness of flesh, he has no superior and but few his equal. We have never seen a shorter legged bull of any breed. If we as Short Horn breeders gain the championship on steers at the great shows we must breed this type. The two or three calves that have arrived sired by Lord Champion convince us he is the kind to tie to. Something like one-half of the females in the sale are bred to him, including all of the Lord Lovel and Orange Monarch heifers. It will be noted he is a half brother to the \$3000 Cumberland's Last, being of same dam.

**King Champion 191878**—is a bull of great quality and a bull that has proven a success as a sire, got by Champion 118343, and he by Favorite of Maple Leaf, dam Imp. Athene, bred by A. Cruickshank. King Champion's dam is Gladiolus by Imp. Brunswick 96572, bred by Cruickshank, second dam Imp. Gardenia by Cumberland (46144) both bred by Cruickshank.

**Orange Monarch 190181**—considered from every standpoint, is one of the greatest bulls of the breed. We had expected much from him, and our greatest expectations have been realized. His dam is the most valuable cow we ever owned. She is very smooth and of a blocky makeup and a natural flesh carrier as well as a great milker, and she has the best coat of mossy hair we ever saw on a breeding cow. As a producer of show cattle Orange Monarch has no superior, his calves are all of a uniform type, being low down, wide out, with thick flesh and mossy coats of hair that are a wonder to the ringside. He sired Viscountess of Fairview 6th, the Junior Champion at the 1906 International, and conceded by conservative judges to be the most perfect Short Horn they ever saw, (we sold her recently to Mr. Minor of Oregon for \$1500) he also sired the first prize calf herd and three head out of the first prize young herd and won second prize on get of sire at that show, besides many class prizes. Orange Monarch is by Lord Lovel and he by St. Valentine, and out of Monarch Lovely by Imp. Gay Monarch. Thus we have in Orange Monarch a combination of the greatest show and breeding blood of the famous Robbins herd and through Prince Victoria 116918, who appears twice in his dams pedigree of the noted Sanger herd that in its day was victorious over all competitors. It will be seen that he did not come to his neatness by chance, but rather through a line of ancestry that warrants its production.

**Prince Victoria 116918**—a grandly bred Cruickshank Victoria with wonderful substance and quality. Got by Pearl of Hickory Park 111872, dam Victoria of Glenwood 2d by Royal Duke of Pleasant Ridge 36889, 2d dam Imp. Victoria 51st by Royal Duke of Gloster (29864), both bred by A. Cruickshank, to Victoria 39th by Champion of England.

**Standard Goods 333018**—a bull that we can strongly recommend, both for his individual merit and superior breeding. He combines rare style and Short-horn character with level lines, smoothness and size. His mother has never given us anything but the very best and this bull can certainly be depended upon to make a valuable stock bull.

**Best of Goods 262678**—was purchased along with his mother, at the dispersion of the famous Tebo Lawn herd at \$1300. Immediately Mr. Owen Kane, Wisner, Neb., offered us \$1600 for the pair, and we sold them to him, he gave us an option on the calf, at weaning time, at \$1000. We closed the option and he has since been one of our chief stock bulls. Carey Bros., of Colorado offered us \$2500 for him as a yearling but this was no temptation and we are pleased to announce that his development and the character of his calves have fully measured up to our expectation—From Bellows Bros catalog.

**Barmpton Royal 122721**—a fine bull of the Cruickshank, Barmpton Rose family, got by Imp. Salamis 110075, out of Barmpton's Pride by Imp. Prince Bishop (58170); Imp. Barmpton Primrose by Viking (48873); Barmpton Snowdrop by Roan Gauntlet (35284).

**Grandiflora 59978**—is a grand specimen of the purest Scotch breeding. The Cruickshank Victorias are among the very best of Scotch cattle. We think this is one of the best and most valuable young cows we ever consented to part with. Her dam is a good cow and a great producer. Grandiflora, in thickness of flesh and width and depth of body, is a marvel. She sells with choice heifer calf at side by Standard Goods and bred again to Orange Monarch.

**Lord Champion 254700**—is we believe one of the best bulls of the breed. He is a grand specimen of the Scotch type. He was bred by that critical judge C. A. Saunders, of Iowa. Sired by King Champion 191878; dam Imp. Lady Douglas, bred by James Durno, by Lord Douglas 132003. Thus it will be seen Lord Champion is half-brother to the great Cumberland's Last.

Favorite 56041, Imp. Violet Bud by Barmpnton (37763).

**Florentina 59976**—is the result of blending the blood of the best Scotch and Bates breeding. She is a great heifer, one of the best we ever produced. She possesses a great loin and spring of rib, is wide and deep and to add to her value she is nursing a choice bull calf by Standard Goods and bred again to same bull, but few her equal have been sold in recent years.

## The Percheron Horse Offering.

We regret very much to part with these few Percherons. We had intended to keep a small herd of pure bred Percherons, however, our business is such that our time is all occupied and we cannot give them the attention we should, hence we have decided to offer them in this sale, as we feel the farmers in this and adjoining counties are interested enough in good horses to see that they do not leave this country, as every farmer should keep a few good pure bred mares. These mares are of good quality and well bred and have proven to be good producers. The two stallion foals are choice colts with plenty of bone and good size. They will mature into ton horses and will easily be worth \$800 to \$1000 at maturity. They are both sired by imported stallions. Belrano is by Syrano 40573, a prize winner at the great shows. He is a ton horse with plenty of bone, good style and a great horse every way. The mares are bred to Boudouin 54634, this we believe to be one of the great horses of the breed; he would look good in any company. He is owned by B. F. & L. V. Pigg, is a ton horse, low down, wide out, with great style, with plenty of clean flinty bone; in fact, a horse that is hard to fault. Will be on exhibition sale day.
